## Course Details & Outcomes

### Course Description

MNGT5590 Work Integrated Learning (WIL) is worth 12 units of credit and extends over one term.

The expected student workload for this course is 300 hours, which aligns with [UNSW Sydney's advice](#) that 'normal workload expectations of a student are approximately 25 hours per term for each UOC, including class contact hours, other learning activities, preparation and time spent on all assessable work'.

This course is designed for students seeking to extend their MBA experience with academic rigour. Undertaking a work integrated learning provides students with the opportunity to apply the management concepts developed throughout their AGSM MBA Program.

The Work Integrated Learning Project must:

- be completed as part of a specific project with an organisation or internship or paid employment during the Term the WIL is undertaken
- be in an area relevant to business and management
- relate to the student's career aspirations
- have an appropriate academic staff member available to supervise the student.

Students must maintain a dialogue with their Facilitator about their progress throughout the course.

Internships are to be sourced by students, with guidance from the AGSM, and are assessed on a case-by-case basis in terms of suitability, supervision and assessment. Typically, the duration will be about 12 weeks. Remuneration is as agreed between the employer and the student.

Students should familiarise themselves with the concepts of Responsible Management should they be confronted with ethical issues and dilemmas. Ethics is about choice - human choice, both at a personal and an institutional level. Being familiar with Responsible Management will assist students in recognising key conceptual distinctions and in employing decision-making frameworks to support their decisions in their WIL and assist in resolution of issues and dilemmas.

UNSW Business School is a signatory to the United Nations Principles of Responsible Management Education, which reference the United Nations Sustainable Development Goals (SDGs). The SDGs will help students shape their thinking about Responsible Management.

## Relationship to Other Courses

The MBA (Extension) is a 24-month program comprising 120 units of credit (incorporating the 72 units of credit of the 12-month Full-time MBA Program).

The pre-requisite for enrolling in the MBA (Extension) is to have completed the one-year Master of Business Administration (MBA) Program (72 units of credit) beforehand. It cannot be enrolled into as a stand-alone program. The MBA (Extension) comprises a further 48 units of credit and is completed over three terms (one year).

## Additional Course Information

If this course involves project work with an industry partner, students will be asked to sign an Intellectual Property Deed Poll. Students may also be asked by the industry partner to sign a Confidentiality or Nondisclosure Agreement. If students have questions about this, please contact the Facilitator in Charge.

Students intending to survey other people in the course of their studies in this course, should be aware of UNSW Sydney advice quoted from [here](#) as follows:

- *The activities comply with any relevant privacy and/or confidentiality requirements. (e.g. a process of informed consent);*
- *Relevant health and safety requirements are adhered to (e.g. ... personal safety procedures, interview protocols etc.);*
- *Information will not be disseminated or published for a research purpose;*
- *Participants from a vulnerable population are not the focus of the project (as outlined in section 4 of the National Statement on Ethical Conduct in Human Research, 2015);*
- *The project does not aim to explore contentious or sensitive topics.*
- *There is no potential for participants to be exposed to harm as a result of the project including physical, psychological, social, economic or legal harm.*

## Academic Information

### COURSE POLICIES AND SUPPORT

The Business School expects that you are familiar with the contents of this course outline and the UNSW and Business School learning expectations, rules, policies and support services as listed below:

- Program Learning Outcomes
- Academic Integrity and Plagiarism
- Student Responsibilities and Conduct
- Special Consideration
- Protocol for Viewing Final Exam Scripts
- Student Learning Support Services

Further information is provided on the [key policies and support](#) page.

Students may not circulate or post online any course materials such as handouts, exams, syllabi or similar resources from their courses without the written permission of their instructor.

### STUDENT LEARNING OUTCOMES

The Course Learning Outcomes (CLOs) – under the Outcomes tab – are what you should be able to demonstrate by the end of this course, if you participate fully in learning activities and successfully complete the assessment items.

CLOs also contribute to your achievement of the Program Learning Outcomes (PLOs), which are developed across the duration of a program. PLOs are, in turn, directly linked to [UNSW graduate capabilities](#). More information on Coursework PLOs is available on the [key policies and support](#) page. For PG Research PLOs, including MPDBS, please refer to the [UNSW HDR Learning Outcomes](#).

## Academic Honesty and Plagiarism

As a student at UNSW you are expected to display [academic integrity](#) in your work and interactions. Where a student breaches the [UNSW Student Code](#) with respect to academic integrity, the University may take disciplinary action under the Student Misconduct Procedure. To assure academic integrity, you may be required to demonstrate reasoning, research and the

process of constructing work submitted for assessment.

To assist you in understanding what academic integrity means, and how to ensure that you do comply with the UNSW Student Code, it is strongly recommended that you complete the [Working with Academic Integrity](#) module before submitting your first assessment task. It is a free, online self-paced Moodle module that should take about one hour to complete.

## Submission of Assessment Tasks

### SPECIAL CONSIDERATION

You can apply for special consideration when illness or other circumstances beyond your control interfere with your performance in a specific assessment task or tasks, including online exams. Students studying remotely who have exams scheduled between 10pm and 7am local time, are also able to apply for special consideration to sit a supplementary exam at a time outside of these hours.

Special consideration is primarily intended to provide you with an extra opportunity to demonstrate the level of performance of which you are capable. To apply, and for further information, see Special Consideration on the UNSW [Current Students](#) page.

Special consideration applications will be assessed centrally by the Case Review Team, who will update the online application with the outcome and add any relevant comments. The change to the status of the application immediately sends an email to the student and to the assessor with the outcome of the application.

Please note the following:

1. Applications can only be made through Online Services in myUNSW (see the UNSW [Current Students](#) page). Applications will not be accepted by teaching staff. The lecturer-in-charge/course coordinator will be automatically notified when your application is processed.
2. Applying for special consideration does not automatically mean that you will be granted a supplementary exam or other concession.
3. If you experience illness or misadventure in the lead up to an exam or assessment, you must submit an application for special consideration, either prior to the examination taking place, or prior to the assessment submission deadline, except where illness or misadventure prevent you from doing so.
4. If your circumstances stop you from applying before your exam or assessment due date, you must apply within 3 working days of the assessment or the period covered by your supporting documentation.

5. Under the UNSW Fit To Sit/Submit rule, if you sit the exam/submit an assignment, you are declaring yourself well enough to do so and are cannot subsequently apply for special consideration.
6. If you become unwell on the day of – or during – an exam, you must stop working on your exam, advise your course coordinator or tutor and provide a medical certificate dated within 24 hours of the exam, with your special consideration application. For online exams, you must contact your course coordinator or tutor immediately via email, Moodle or chat and advise them you are unwell and submit screenshots of your conversation along with your medical certificate and application.
7. Special consideration requests do not allow the awarding of additional marks to students.

Further information on Business School policy and procedure can be found under “Special Consideration” on the [key policies and support](#) page.

## **LATE SUBMISSION PENALTIES**

For assessments other than examinations, late submission will incur a penalty of 5% per day or part thereof (including weekends) from the due date and time. An assessment will not be accepted after 5 days (120 hours) of the original deadline unless special consideration has been approved. An assignment is considered late if the requested format, such as hard copy or electronic copy, has not been submitted on time or where the ‘wrong’ assignment has been submitted.

For assessments which account for 10% or less of the overall course grade, and where answers are immediately discussed or debriefed, the LIC may stipulate a different penalty. Details of such late penalties will be available on the course Moodle page.

## **FEEDBACK ON YOUR ASSESSMENT TASK PERFORMANCE**

Feedback on student performance from formative and summative assessment tasks will be provided to students in a timely manner. Assessment tasks completed within the teaching period of a course, other than a final assessment, will be assessed and students provided with feedback, with or without a provisional result, within 10 working days of submission, under normal circumstances. Feedback on continuous assessment tasks (e.g. laboratory and studio-based, workplace-based, weekly quizzes) will be provided prior to the midpoint of the course.

## **Faculty-specific Information**

## **PROTOCOL FOR VIEWING FINAL EXAM SCRIPTS**

UNSW students have the right to view their final exam scripts, subject to a small number of very specific exemptions. The UNSW Business School has set a [protocol](#) under which students may view their final exam script. Individual schools within the Faculty may also set up additional local processes for viewing final exam scripts, so it is important that you check with your School.

If you are completing courses from the following schools, please note the additional school-specific information:

- Students in the **School of Accounting, Auditing & Taxation** who wish to view their final examination script should also refer to [this page](#).
- Students in the **School of Banking & Finance** should also refer to [this page](#).
- Students in the **School of Information Systems & Technology Management** should also refer to [this page](#).

## **COURSE EVALUATION AND DEVELOPMENT**

Feedback is regularly sought from students and continual improvements are made based on this feedback. At the end of this course, you will be asked to complete the [myExperience survey](#), which provides a key source of student evaluative feedback. Your input into this quality enhancement process is extremely valuable in assisting us to meet the needs of our students and provide an effective and enriching learning experience. The results of all surveys are carefully considered and do lead to action towards enhancing educational quality.

## **QUALITY ASSURANCE**

The Business School is actively monitoring student learning and quality of the student experience in all its programs. A random selection of completed assessment tasks may be used for quality assurance, such as to determine the extent to which program learning goals are being achieved. The information is required for accreditation purposes, and aggregated findings will be used to inform changes aimed at improving the quality of Business School programs. All material used for such processes will be treated as confidential.

## **TEACHING TIMES AND LOCATIONS**

Please note that teaching times and locations are subject to change. Students are strongly advised to refer to the [Class Timetable website](#) for the most up-to-date teaching times and locations.
