### Lesson plan

#### Assessment Overview

Plan and design one 60-minute lesson for a mixed-ability, Stage 4 class. The lesson plan must follow a standard format and be presented using the template provided. Indicative length: 2000

words.

A feedback sheet will be provided.

### **Course Learning Outcomes**

- CLO1 : Identify foundational aspects and structure of the NESA Visual Arts Syllabus and the depth of subject knowledge required to implement the syllabus
- CLO2 : Evaluate how student characteristics affect learning and evaluate implications for teaching students with different characteristics and from diverse backgrounds
- CLO3 : Use a range of strategies to plan and teach effective lessons to engage all students, address relevant syllabus outcomes and ensure a safe learning environment
- CLO4 : Select appropriate resources, including ICT, to engage students and expand learning opportunities
- CLO5 : Design and evaluate formative assessment strategies and use assessment information to improve learning
- CLO6 : Practise the ethical and professional values expected of teachers

### **Detailed Assessment Description**

Create an Artmaking lesson using Visual Arts Stage 4 Syllabus course content areas and choose TWO of the artmaking outcomes 4.1 - 4.6. Students are to create this lesson within ONE of these larger units of work:

- Appropriation > Postmodern > Artist - audience
- Imagination > Subjective > Audience - world
- Symbolic representation > Structural > Artwork - artist
- Politics > Cultural > Artwork - audience

Students will base their lesson on an artist's artmaking practice. This artist should be selected from a current exhibition in a significant gallery, for example, Art Gallery of NSW, MCA, White Rabbit, National Gallery of Victoria, MONA, QGOMA etc.

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students and students with various religious and cultural backgrounds. Some students may have low levels of literacy and/or numeracy. Differentiation catering for some students is therefore required. Appropriate differentiation strategies are scaffolding, group work and/or an alternative task or mode of presentation.

1. Write a rationale (800 words) for your lesson plan, this should address:

- What are the broader learning aims of the lesson? How are relate to the key content areas of the syllabus and the visual arts?
- What visual arts 'assessment for learning' strategies will be used and how this monitors student progress?

- Relationship between the artist practice, the learning activities and the outcomes.

2. Prepare the lesson plan to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material. Make sure you:

- Choose an appropriate topic for the year group
- Support your rationale using references indicating your professional reading
- Choose appropriate outcomes and lesson content (frames, conceptual framework and practice)
- Demonstrate knowledge of effective teaching and learning strategies
- Use appropriate format and provide sufficient detail for an effective lesson plan
- Include an aspect of literacy/numeracy which integrates with the lesson focus
- Provide in full one activity (which may be ICT-based)
- Express yourself in clear, standard Australian English.

### **Hurdle rules**

A hurdle requirement or hurdle rule is a course requirement that must be fulfilled in order to pass the course. In all courses within the School of Education, all assessments (regardless of their weighting) are hurdle requirements. That is, all assessments in a course must receive a pass mark in order to pass the course. Where a student has failed to meet the requirements of an assessment, they may still be deemed to have met the hurdle requirement if the failure was due to a late penalty and if the overall mark for the course is still greater than 50.

### **Unit of work outline**

#### **Assessment Overview**

Prepare an outline for a unit of work for a Stage 5 class. The unit of work should cover the first five lessons (but do not prepare full lesson plans). Include a rationale (600-800 words) for the unit. Indicative length: 3000 words.

A feedback sheet will be provided.

#### **Course Learning Outcomes**

- CL01 : Identify foundational aspects and structure of the NESA Visual Arts Syllabus and the depth of subject knowledge required to implement the syllabus
- CL02 : Evaluate how student characteristics affect learning and evaluate implications for teaching students with different characteristics and from diverse backgrounds
- CL03 : Use a range of strategies to plan and teach effective lessons to engage all students, address relevant syllabus outcomes and ensure a safe learning environment
- CL04 : Select appropriate resources, including ICT, to engage students and expand learning opportunities
- CL05 : Design and evaluate formative assessment strategies and use assessment information to improve learning
- CL06 : Practise the ethical and professional values expected of teachers

#### **Detailed Assessment Description**

Prepare an outline for a unit of work for a Stage 5 class. Students must choose ONE UNIT from the list below:

- Tension > Postmodern > Artist - artwork (5.1, 5.5, 5.6, 5.7, 5.10)
- Stories > Subjective > Artwork - audience (5.1, 5.2, 5.5, 5.7, 5.8)
- Techniques > Structural > Artist - world (5.2, 5.3, 5.4, 5.7, 5.9)
- Beliefs > Cultural > Artwork - world (5.2, 5.4, 5.5, 5.8, 5.9)

The unit of work should cover the first FIVE lessons and will include practice and critical

historical lessons or combinations thereof; however, you are not preparing full lesson plans.

Students need to choose THREE artists for this unit of work, but should include:

- one traditional or modernist artist who provides a historical foundation of the UOW
- one contemporary artist selected from a current exhibition in a significant gallery, for example, Art Gallery NSW, MCA, White Rabbit, National Gallery of Victoria, MONA, QGOMA etc.
- one artist of choice appropriate to the unit.

You must write a rationale for the unit (1000 words) in which you:

- provide a brief outline of the school and class context
- state precisely what you want the students to learn and why it is relevant to syllabus
- justify your choice of topic/text to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
- demonstrate how differentiation will support a diverse range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

Include in your unit outline:

- lesson intention(s) for each lesson
- one full activity for formative assessment (not an essay)
- one ICT-based activity (not watching a video or PowerPoint presentation)
- one group-work task with a focus on literacy/numeracy (not a mind-map)
- one incursion/excursion/performance/product activity
- outlines only for the other teaching materials required.

## Attendance Requirements

The School of Education has a minimum attendance requirement of 80% for classes, including lectures, tutorials, seminars, and other learning activities – irrespective of delivery mode. The attendance requirement is a minimum threshold for engagement and ensures that programs meet the requirements of external accreditation authorities (i.e., NESA), and for a range of programs (e.g., initial teacher education programs and other accredited postgraduate coursework specialisations). Students must register their attendance according to the course convenor's directions.

# General Schedule Information

This course outline sets out the description of classes at the date the outline is published. The nature of classes may change during the term after the course outline is published. Moodle should be consulted for up-to-date class descriptions. If there is an inconsistency in the description of activities between the University timetable and the course outline (as updated in Moodle), the description in the course outline on Moodle applies.

## Other Useful Information

### Academic Information

Due to evolving advice by NSW Health, students must check for updated information regarding

online learning for all Arts, Design and Architecture courses this term (via Moodle or course information provided).

Please see: <https://www.unsw.edu.au/arts-design-architecture/student-life/resources-support/protocols-guidelines> for essential student information relating to:

- UNSW and Faculty policies and procedures;
- Student Support Services;
- Dean's List;
- review of results;
- credit transfer;
- cross-institutional study and exchange;
- examination information;
- enrolment information;
- Special Consideration in the event of illness or misadventure;
- student equity and disability;

And other essential academic information.

## **Academic Honesty and Plagiarism**

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

- Copying: Using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This includes copying materials, ideas or concepts from a book, article, report or other written document, presentation, composition, artwork, design, drawing, circuitry, computer program or software, website, internet, other electronic resource, or another person's assignment without appropriate acknowledgement.
- Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original information, structure and/or progression of ideas of the original without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.
- Collusion: Working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student for the purpose of them plagiarising, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.
- Inappropriate citation: Citing sources which have not been read, without acknowledging the

"secondary" source from which knowledge of them has been obtained.

- Duplication ("self-plagiarism"): Submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

The UNSW Academic Skills support offers resources and individual consultations. Students are also reminded that careful time management is an important part of study. One of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items. UNSW Library has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW, but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

### **Use of AI for assessments**

As AI applications continue to develop, and technology rapidly progresses around us, we remain committed to our values around academic integrity at UNSW. Where the use of AI tools, such as ChatGPT, has been permitted by your course convener, they must be properly credited and your submissions must be substantially your own work.

In cases where the use of AI has been prohibited, please respect this and be aware that where unauthorised use is detected, penalties will apply.

## **Submission of Assessment Tasks**

### **Turnitin Submission**

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on [externalteltsupport@unsw.edu.au](mailto:externalteltsupport@unsw.edu.au)

Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin, you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support, you will automatically receive a ticket number, but if you telephone, you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, alternative submission details will be stated on your course's Moodle site. For information on how to submit assignments online via Moodle: <https://student.unsw.edu.au/how-submit-assignment-moodle>

## **Late Submission Penalty**

UNSW has a standard late submission penalty of:

- 5% per calendar day,
- for all assessments where a penalty applies,
- capped at five calendar days (120 hours) from the assessment deadline, after which a student cannot submit an assessment, and
- no permitted variation.

Students are expected to manage their time to meet deadlines and to request [Special Consideration](#) as early as possible before the deadline. Support with [Time Management is available here](#).
