## Learning and Teaching in this course

### Rationale:

This subject aims to develop in each student the ability to effectively teach Drama to secondary school students with an emphasis on the NSW Drama curriculum. During the course students will develop their knowledge of the New South Wales syllabus documents for stages 4, 5 and 6. Lectures, tutorials and assignments will explore current practices in drama teaching and develop in students, the skills and knowledge required to teach drama effectively to a variety of students. Teaching in this course will be both theoretical and experiential. Emphasis will be given to viewing Drama as an artform with a discrete body of knowledge including conventions, history, skills and methods of working and the role and value of Drama in the curriculum and the community.

Student centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will later teach.

### Teaching Strategies:

- Pair, small-group and large-group cooperative learning experiences to understand the importance of collaboration in an educational drama context and to demonstrate the use of group structures as appropriate to address teaching and learning goals.
- Explicit teaching, including lectures, to demonstrate different approaches to learning, the mandatory components of the drama curriculum and the use of a range of teaching strategies to foster interest and support learning.
- A range of drama specific workshops, which model experiential learning through enactment when teaching theoretical components of the course.
- Collaborative projects which mirror those in the Drama Syllabus, Year 7-10 and in the Stage 6 Drama Syllabus, e.g., Playbuilding in Years 7-10 and the Group Presentation in Stage 6.
- Viewing student samples of work and simulated marking experience especially of Year 9 Playbuilding, Year 10 dramatic form and Year 12 HSC Projects.
- Simulations and teacher-in-role experiences.
- Keeping a logbook of class experiences mirroring a drama logbook in Stage 4, 5 and 6.
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and show knowledge and understanding of method content.
- Structured occasions for reflections on learning, encouraging critical reflection and improved

teaching practice. Also, these allow students opportunities to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.

- Online learning from readings on the Blackboard 9 website.
- Peer teaching in a simulated classroom setting.

These activities will occur in a classroom environment that is supportive and inclusive of all learners.

## Hurdle rules

A hurdle requirement or hurdle rule is a course requirement that must be fulfilled in order to pass the course. In all courses within the School of Education, all assessments (regardless of their weighting) are hurdle requirements. That is, all assessments in a course must receive a pass

mark in order to pass the course. Where a student has failed to meet the requirements of an assessment, they may still be deemed to have met the hurdle requirement if the failure was due to a late penalty and if the overall mark for the course is still greater than 50.

## Unit of work

### Assessment Overview

Prepare a unit of work for Stage 6 (Year 12) which covers approximately half the term. Indicative length: 3000 words. A feedback sheet will be provided.

### Detailed Assessment Description

Prepare a unit of work for Year 12 which covers approximately half the term. You need to ensure the unit demonstrates you are ready to plan and teach Stage 6 effectively. Make sure you have reflected on the feedback you received for the scope and sequence you prepared for Assessment 1. The unit should be The Elements of Production in Performance. You should use the same text that you used in Assignment 1. The unit of work should indicate a variety of formative assessment strategies which will provide students with feedback about:

- What they can already do well
- What they still need to improve
- How they can effectively close the gap between bullet-points 1 and 2.

Include all activities and resources to support student learning. There must be at least one literacy activity/resource and one numeracy/ICT resource.

## General Assessment Information

### **\*\* Compulsory Class Task - Common Assessment Module \*\***

There are two parts to this task:

Part 1: Common Assessment Module (a separate module to be completed in addition to your Method course). It will be available to work on from Week 1 of UNSW Term 2.

- You will gather evidence from a variety of sources about learning outcomes; and use that information to improve learning and teaching.
- You will be sent further information about how to access the Module closer to the start of term. There will be drop-in sessions in Weeks 8-13. This is the same time that Method 2 runs.
- Weight: N/A. This is a hurdle requirement that must be completed to pass the course.
- Note: Further information about this Module will be available in Moodle.

Part 2: Common Assessment Module (in-class task). In the final Method tutorials, you will complete a class task that relates to the Common Assessment Module. This task consists of three components:

- Collect three or four authentic student responses to preferably two assessment tasks (these might be provided by your Method lecturer).
- Provide written feedback for the student responses, indicating strengths and areas for improvement in relation to the work sample and overall expectations/standards.
- Write a few lines that could be included in a mid-year report comment to parents.

### **General Assessment Information**

Students are required to follow their course convenor's instructions when submitting their work for assessment. All assessment task/s are to be submitted online via Moodle by 5pm. Students are also required to retain all drafts, original data, and other evidence of the authenticity of the work for at least one year after submission/examination. For more detailed information about submission, late penalties, special consideration, and the like, visit the School of Education website on policies and procedures: [SED Policies and Procedures \(unsw.edu.au\)](https://www.unsw.edu.au/school-of-education/policies-and-procedures).

## Attendance Requirements

The School of Education has a minimum attendance requirement of 80% for classes, including

lectures, tutorials, seminars, and other learning activities – irrespective of delivery mode. The attendance requirement is a minimum threshold for engagement and ensures that programs meet the requirements of external accreditation authorities (i.e., NESA), and for a range of programs (e.g., initial teacher education programs and other accredited postgraduate coursework specialisations). Students must register their attendance according to the course convenor's directions.

## General Schedule Information

This course outline sets out the description of classes at the date the outline is published. The nature of classes may change during the term after the course outline is published. Moodle should be consulted for up-to-date class descriptions. If there is an inconsistency in the description of activities between the University timetable and the course outline (as updated in Moodle), the description in the course outline on Moodle applies.

# Other Useful Information

## Academic Information

Due to evolving advice by NSW Health, students must check for updated information regarding online learning for all Arts, Design and Architecture courses this term (via Moodle or course information provided).

Please see: <https://www.unsw.edu.au/arts-design-architecture/student-life/resources-support/protocols-guidelines> for essential student information relating to:

- UNSW and Faculty policies and procedures;
- Student Support Services;
- Dean's List;

And other essential academic information.

## Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

- Copying: Using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This includes copying materials, ideas or concepts from a book, article, report or other written document, presentation, composition, artwork, design, drawing, circuitry, computer program or software, website, internet, other electronic resource, or another person's assignment without appropriate acknowledgement.
- Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original information, structure and/or progression of ideas of the original without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.

- Collusion: Working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student for the purpose of them plagiarising, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.
- Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.
- Duplication ("self-plagiarism"): Submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

The UNSW Academic Skills support offers resources and individual consultations. Students are also reminded that careful time management is an important part of study. One of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items. UNSW Library has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW, but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

### **Use of AI for assessments**

As AI applications continue to develop, and technology rapidly progresses around us, we remain committed to our values around academic integrity at UNSW. Where the use of AI tools, such as ChatGPT, has been permitted by your course convener, they must be properly credited and your submissions must be substantially your own work.

In cases where the use of AI has been prohibited, please respect this and be aware that where unauthorised use is detected, penalties will apply.

## Submission of Assessment Tasks

### Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on [externalteltsupport@unsw.edu.au](mailto:externalteltsupport@unsw.edu.au)

Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin, you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support, you will automatically receive a ticket number, but if you telephone, you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, alternative submission details will be stated on your course's Moodle site. For information on how to submit assignments online via Moodle: <https://student.unsw.edu.au/how-submit-assignment-moodle>

### Late Submission Penalty

UNSW has a standard late submission penalty of:

- 5% per calendar day,
- for all assessments where a penalty applies,
- capped at five calendar days (120 hours) from the assessment deadline, after which a student cannot submit an assessment, and
- no permitted variation.

Students are expected to manage their time to meet deadlines and to request [Special Consideration](#) as early as possible before the deadline. Support with [Time Management is available here](#).
