

UNSW Course Outline

EDST6706 Geography Method 1 - 2024

Published on the 28 Jan 2024

General Course Information

Course Code : EDST6706

Year : 2024

Term : Term 1

Teaching Period : T1

Is a multi-term course? : No

Faculty : Faculty of Arts, Design and Architecture

Academic Unit : School of Education

Delivery Mode : In Person

Delivery Format : Standard

Delivery Location : Kensington

Campus : Sydney

Study Level : Postgraduate, Undergraduate

Units of Credit : 6

Useful Links

Course Details & Outcomes

Course Description

This is a hybrid course. It is available to both undergraduate and postgraduate students. The course content, delivery and assessment will be identical for both groups of students.

In this course, you will begin to learn how to teach Geography in secondary contexts. You will use relevant syllabus documents to develop innovative and engaging lesson plans. You will learn and practise a range of effective teaching strategies designed to engage a diversity of learners in a safe and supportive classroom environment. You will learn how to use digital and other innovative resources to assess and improve learning in the discipline and to develop language, literacy and numeracy skills across the curriculum. Through self and peer evaluation you will also learn how to present yourself in a professional, supportive manner.

Course Learning Outcomes

Course Learning Outcomes
CLO1 : Identify foundational aspects and structure of the NESA Geography Syllabus and the depth of subject knowledge required to implement the syllabus
CLO2 : Evaluate how student characteristics affect learning and evaluate implications for teaching students with different characteristics and from diverse backgrounds
CLO3 : Use a range of strategies to plan and teach effective lessons to engage all students, address relevant syllabus outcomes and ensure a safe learning environment
CLO4 : Select appropriate resources, including ICT, to engage students and expand learning opportunities
CLO5 : Design and evaluate formative assessment strategies and use assessment information to improve learning
CLO6 : Practise the ethical and professional values expected of teachers

Learning and Teaching Technologies

Moodle - Learning Management System | Blackboard Collaborate

Learning and Teaching in this course

Rationale:

- This subject aims to develop in each student the ability to effectively teach Geography to secondary school students with an emphasis on the NSW Geography curriculum. During the course students will develop their knowledge of New South Wales syllabus documents. Lectures, tutorials and assignments will cover a variety of approaches to teaching and learning in the Geography classroom. Emphasis will be given to the relationship between Geography, literacy and numeracy and the role and value of Geography in the curriculum and the community.
- Student-centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will later teach.

Teaching Strategies:

- Explicit teaching, including lectures, to demonstrate an understanding of students' different approaches to learning and the use of a range of teaching strategies to foster interest and support learning
- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content
- Online learning from readings on the Blackboard website
- Online discussions
- Peer teaching in a simulated classroom setting.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

Other Professional Outcomes

AUSTRALIAN PROFESSIONAL STANDARDS FOR TEACHERS

Standard		Assessment/s
1.2.1	Demonstrate knowledge and understanding of research into how students learn and the implications for teaching.	1,2
1.3.1	Demonstrate knowledge of teaching strategies that are responsive to the learning strengths and needs of students from diverse linguistics, cultural, religious, and socioeconomic backgrounds.	1,2
2.1.1	Demonstrate knowledge and understanding of the concepts, substance and structure of the content and teaching strategies of the teaching area.	1,2
2.2.1	Organise content into an effective learning and teaching sequence.	1,2
2.3.1	Use curriculum, assessment and reporting knowledge to design learning sequences and lesson plans.	1,2
2.4.1	Demonstrate broad knowledge of, understanding of and respect for Aboriginal and Torres strait Islander histories, cultures, and languages.	2
2.5.1	Know and understand literacy and numeracy teaching strategies and their application in teaching areas.	1,2
2.6.1	Implement teaching strategies for using ICT to expand curriculum learning opportunities for students.	1,2
3.1.1	Set learning goals that provide achievable challenges for students of varying abilities and characteristics.	1,2
3.2.1	Plan lesson sequences using knowledge of student learning, content, and effective teaching strategies.	2
3.3.1	Include a range of teaching strategies.	1,2
3.4.1	Demonstrate knowledge of a range of resources including ICT that engage students in their learning.	1,2
3.5.1	Demonstrate a range of verbal and non-verbal communication strategies to support student engagement.	1
3.6.1	Demonstrate broad knowledge of strategies that can be used to evaluate teaching programs to improve student learning.	1,2
4.1.1	Identify strategies to support inclusive student participation and engagement in classroom activities.	1,2
4.2.1	Demonstrate the capacity to organise classroom activities and provide clear directions.	1,2
6.2.1	Understand the relevant and appropriate sources of professional learning for teachers.	1,2
6.3.1	Seek and apply constructive feedback from supervisors	1,2

	and teachers to improve teaching practices.	
6.4.1	Demonstrate an understanding of the rationale for continued professional learning and the implications for improved student learning.	1,2

NATIONAL PRIORITY AREA ELABORATIONS

	Priority area		Assessment/s
A	Aboriginal and Torres Strait Islander Education.	1-12	1,2
B	Classroom Management.	1-10	1
C	Information and Communication Technologies.	1-13	1,2
D	Literacy and Numeracy.	1-15	1,2
E	Students with Special Educational Needs.	1-9	1,2
F	Teaching Students from Non-English-Speaking Backgrounds.	1-10	1,2

Assessments

Assessment Structure

Assessment Item	Weight	Relevant Dates
Lesson plan	40%	Due Date: 20/03/2024 05:00 PM
Unit of work outline	60%	Due Date: 17/04/2024 05:00 PM

Assessment Details

Lesson plan

Assessment Overview

Plan and design one 60-minute lesson for a mixed-ability, Stage 4 class. The lesson plan must follow a standard format and be presented using the template provided. Indicative length: 2000 words.

A feedback sheet will be provided.

Course Learning Outcomes

- CL01 : Identify foundational aspects and structure of the NESA Geography Syllabus and the depth of subject knowledge required to implement the syllabus

- CLO2 : Evaluate how student characteristics affect learning and evaluate implications for teaching students with different characteristics and from diverse backgrounds
- CLO3 : Use a range of strategies to plan and teach effective lessons to engage all students, address relevant syllabus outcomes and ensure a safe learning environment
- CLO4 : Select appropriate resources, including ICT, to engage students and expand learning opportunities
- CLO5 : Design and evaluate formative assessment strategies and use assessment information to improve learning
- CLO6 : Practise the ethical and professional values expected of teachers

Detailed Assessment Description

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students and students with various religious and cultural backgrounds. Some students may have low levels of literacy. Differentiation to cater for some students is therefore required. Appropriate differentiation strategies are scaffolding, group work and/or an alternative task or mode of presentation. Write a rationale for your lesson plan. Your rationale should address the questions: What do I want the students to learn? Why is it important? What strategies will I use? What assessment for learning strategies will I use to monitor progress? Prepare the lesson plan to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material.

Make sure you:

- choose an appropriate topic for the year group
- support your rationale using references indicating your professional reading
- choose appropriate outcomes and lesson content
- demonstrate knowledge of effective teaching and learning strategies
- use appropriate format and provide sufficient detail for an effective lesson plan
- include an aspect of literacy/numeracy which integrates with the lesson focus
- provide in full one activity (which may be ICT-based)
- express yourself in clear, standard Australian English.

Assessment criteria for the written component:

- design effective lesson sequences suitable for a variety of Stage 4 students
- plan a logical, sequential, cohesive unit of work
- write with clarity and accuracy of written expression in sufficient detail to show understanding of each activity
- use a variety of pedagogies appropriate to the material to be delivered
- show knowledge of the NESA Geography syllabus and curriculum documents.

Assessment Length

2000 words

Assessment information

RUBRIC/FEEDBACK SHEET

EDST6706 UNSW SCHOOL OF EDUCATION

Assessment Task 1: Lesson Plan

Specific Criteria	Fail ----- > High Distinction
Understanding of the question or issue and the key concepts involved • Links to outcomes, clear learning goals • Rationale that supports approach to the lesson	
Depth of analysis and critique in response to the task • Synthesis of information • Creative teaching strategies for effective learning	
Familiarity with and relevance of professional and/or research literature used to support response • Reference to resources in a range of relevant areas	
Structure and organisation of response • Lesson plan format followed • Ability to sequence and scaffold activities • Appropriate strategies for the class and topic	
Presentation of response according to appropriate academic and linguistic conventions • Clarity of communication in academic English	
General comments/recommendations for next time:	
Lecturer: Recommended: /20 (FL PS CR DN HD)	Date: Weighting: 40%
NB: The ticks in the various boxes are designed to provide feedback to students; they are not given equal weight in determining the recommended grade. Depending on the nature of the assessment task, lecturers may also contextualise and/or amend these specific criteria. The recommended grade is tentative only, subject to standardisation processes and approval by the School of Education Learning and Teaching Committee.	

Hurdle rules

A hurdle requirement or hurdle rule is a course requirement that must be fulfilled in order to pass the course. In all courses within the School of Education, all assessments (regardless of their weighting) are hurdle requirements. That is, all assessments in a course must receive a pass mark in order to pass the course. Where a student has failed to meet the requirements of an assessment, they may still be deemed to have met the hurdle requirement if the failure was due to a late penalty and if the overall mark for the course is still greater than 50.

Unit of work outline

Assessment Overview

Prepare an outline for a unit of work for a Stage 5 class. The unit of work should cover the first five lessons (but do not prepare full lesson plans). Include a rationale (600-800 words) for the unit. Indicative length: 3000 words.

A feedback sheet will be provided.

Course Learning Outcomes

- CLO1 : Identify foundational aspects and structure of the NESA Geography Syllabus and the depth of subject knowledge required to implement the syllabus
- CLO2 : Evaluate how student characteristics affect learning and evaluate implications for teaching students with different characteristics and from diverse backgrounds
- CLO3 : Use a range of strategies to plan and teach effective lessons to engage all students, address relevant syllabus outcomes and ensure a safe learning environment
- CLO4 : Select appropriate resources, including ICT, to engage students and expand learning opportunities
- CLO5 : Design and evaluate formative assessment strategies and use assessment information to improve learning
- CLO6 : Practise the ethical and professional values expected of teachers

Detailed Assessment Description

In the rationale:

- provide a brief outline of the school and class context
- state precisely what you want the students to learn and why it is important
- justify your choice of topic/text to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
- demonstrate how differentiation will support a diverse range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

Include in your unit outline:

- the learning intentions for each lesson
- one full activity for formative assessment (not an essay)
- one ICT-based activity (not watching a video or PowerPoint presentation)
- one group-work task with a focus on literacy/numeracy (not a mind-map)
- one fieldwork activity
- outlines only for the other teaching materials required.

Assessment Length

3000 words

RUBRIC/FEEDBACK SHEET

EDST6706 UNSW SCHOOL OF EDUCATION

Assessment Task 2: Unit of Work Outline

Specific Criteria	Fail ----- > High Distinction
Understanding of the question or issue and the key concepts involved • Syllabus and topic followed, clear links to outcomes, clear lesson structures	
Depth of analysis and critique in response to the task • Creative and engaging strategies	
Familiarity with and relevance of professional and/or research literature used to support response • Incorporation of ICT and links to wider resources	
Structure and organisation of response • Rationale with approach justified and prior knowledge considered • Sequential lessons incorporating formative assessment, ICT, groupwork and fieldwork	
Presentation of response according to appropriate academic and linguistic conventions • Clarity of communication in academic English	
General comments/recommendations for next time:	
Lecturer: Recommended: /20 (FL PS CR DN HD)	Date: Weighting: 60%
NB: The ticks in the various boxes are designed to provide feedback to students; they are not given equal weight in determining the recommended grade. Depending on the nature of the assessment task, lecturers may also contextualise and/or amend these specific criteria. The recommended grade is tentative only, subject to standardisation processes and approval by the School of Education Learning and Teaching Committee.	

Hurdle rules

A hurdle requirement or hurdle rule is a course requirement that must be fulfilled in order to pass the course. In all courses within the School of Education, all assessments (regardless of their weighting) are hurdle requirements. That is, all assessments in a course must receive a pass mark in order to pass the course. Where a student has failed to meet the requirements of an

assessment, they may still be deemed to have met the hurdle requirement if the failure was due to a late penalty and if the overall mark for the course is still greater than 50.

General Assessment Information

Students are required to follow their course convenor's instructions when submitting their work for assessment. All assessment task/s are to be submitted online via Moodle by 5pm. Students are also required to retain all drafts, original data, and other evidence of the authenticity of the work for at least one year after submission/examination. For more detailed information about submission, late penalties, special consideration, and the like, visit the School of Education website on policies and procedures: [SED Policies and Procedures \(unsw.edu.au\)](https://www.unsw.edu.au/sed/policies-procedures).

Grading Basis

Standard

Course Schedule

Teaching Week/Module	Activity Type	Content
Week 1 : 12 February - 18 February	Lecture	• The importance of Country and First Nations in Geography
	Tutorial	• Exploring the Landscapes and Landforms Unit
Week 2 : 19 February - 25 February	Lecture	• Planning Lessons and Programming Units
	Tutorial	• Exploring the Place and Liveability Unit
Week 3 : 26 February - 3 March	Lecture	• Mapping Skills in Stage 4 and 5 Geography
	Tutorial	• Exploring the Water in the World Unit
Week 4 : 4 March - 10 March	Lecture	• Spatial Technologies in Stage 4 and 5 Geography
	Tutorial	• Exploring the Interconnections Unit
Week 5 : 11 March - 17 March	Lecture	• Assessment and Feedback in Stage 4 and 5 Geography
	Tutorial	• Exploring the Sustainable Biomes Unit • Assessment Task 1 Q&A • Microteaching
Week 6 : 18 March - 24 March	Lecture	• Asynchronous • Pedagogies in Geography
	Tutorial	• Asynchronous • Exploring the Changing Places Unit Microteaching
Week 7 : 25 March - 31 March	Lecture	• Differentiation and Diversity in the Geography Classroom
	Tutorial	• Exploring the Environmental Change and Management Unit • Microteaching
Week 8 : 1 April - 7 April	Lecture	• Geographical Tools: Graphs and Statistical Skills; Visual Representations
	Tutorial	• Exploring the Human Well Being Unit
Week 9 : 8 April - 14 April	Fieldwork	• Fieldwork: The Heart of Geography [subject to HOS approval] A whole day fieldwork activity at Long Reef Beach and Collaroy Beach (approx 10am to 4pm) Using surveying tools to construct a profile/cross section of the beach Sand particle analysis Testing Abiotics - PH, Moisture, Wind Speed and Direction, Temperature Vegetation ID Walk from Long Reef Surf Club to Collaroy Beach via Long Reef Headland Investigating Human Impacts and Coastal Management at Collaroy Beach Optional Dinner at Collaroy Beach Club
Week 10 : 15 April - 21 April	Lecture	• Exploring the Elective Geography Syllabus
	Tutorial	• Debrief on Fieldwork • Wrap up of Method 1 • Assessment Task 2 Q&A

Attendance Requirements

The School of Education has a minimum attendance requirement of 80% for classes, including lectures, tutorials, seminars, and other learning activities – irrespective of delivery mode. The attendance requirement is a minimum threshold for engagement and ensures that programs meet the requirements of external accreditation authorities (i.e., NESA), and for a range of programs (e.g., initial teacher education programs and other accredited postgraduate coursework specialisations). Students must register their attendance according to the course convenor's directions.

General Schedule Information

This course outline sets out the description of classes at the date the outline is published. The nature of classes may change during the term after the course outline is published. Moodle should be consulted for up-to-date class descriptions. If there is an inconsistency in the description of activities between the University timetable and the course outline (as updated in Moodle), the description in the course outline on Moodle applies.

Course Resources

Prescribed Resources

Prescribed Resources

- The Flipped Classroom
- <http://www.teacherstandards.aitsl.edu.au/Illustrations/ViewIOP/IOP00173/index.html>
- TPACK. Created by Dr. Matthew Koehler and Dr. Punya Mishra <http://www.tpack.org/> Technological Pedagogical Content Knowledge (TPACK) is a framework that identifies the knowledge teachers need to teach effectively with technology.
- S A M R. Created by Dr. Ruben R. Puentedura. It provides a framework to answer the question of what types of technology use would have greater or lesser effects upon student learning.
- [Rural & Distance Education NSW](http://rde.nsw.edu.au/tpack-samr): A local resource presenting both frameworks, <http://rde.nsw.edu.au/tpack-samr>
- Teaching Teachers for the Future - What is TPACK? <http://www.ttf.edu.au/what-is-tpack.html>. Reflections of pre-service teachers: <http://www.ttf.edu.au/psts-talk.html>. This series of video clips shows the reflections of several pre-service teachers each of whom trialled one of the twelve Teaching Teachers for the Future (TTF) Australian Curriculum resource packages with a practicum class. At the end of their lesson the pre-service teachers were invited to reflect on the experience of working with the resource package and adapting it to their class situation. They were also asked to reflect on their understanding of TPACK.
- Student teachers are encouraged to set up their own blog (it is free) at Edublog. See <http://edublogs.org/> to create and share resources and lessons they create.

Required Readings

- NESA (2015) Geography Stages 4-5 Syllabus (available for download as PDF document at <https://educationstandards.nsw.edu.au/wps/portal/nesa/k-10/learning-areas/hsie/geography-k-10>)

Further Readings

- Anstey, M. & Bull, G. (2006). *Teaching and learning multiliteracies: Changing times, changing literacies*. Curriculum Press, Melbourne.
- Attwood, B. (2005). *Telling the truth about Aboriginal history*. Allen and Unwin, Crows Nest.
- Bliss and Paine (2008). *Geoactive 1 & 2*. Jacaranda.
- Finger, G., Russell, G., Jamieson-Proctor, R. & Russell, N. (2006). *Transforming Learning with ICT Making IT Happen*. Pearson Australia.
- Gibbons, P (2002). *Scaffolding language, scaffolding learning: Teaching second language learners in the mainstream classroom*. Portsmouth, Heinemann.
- Henderson, R. (2012). *Teaching Literacies. Pedagogies and Diversity in the Middle Years*. Oxford University Press, Australia.
- Hyde, M., Carpenter, L. & Conway, R. (2010). *Diversity and Inclusion in Australian Schools*. Oxford University Press, Australia.
- Kriewaldt and Digby (2010). *Keys to Geography*. Macmillan.
- Martin, K. (2008). The intersection of Aboriginal knowledges, Aboriginal literacies and new learning pedagogy for Aboriginal students. In Healy, A (Ed.) *Multiliteracies and diversity in education: New pedagogies for expanding landscapes*. Pp 59-81. Oxford University Press, Melbourne.
- Price, K (2012). *Aboriginal and Torres Strait Islander Education: An Introduction for the Teaching Profession*. Cambridge University Press.
- Van Zuylen et al (2007). *Geography Focus*. Pearson.

Other Useful Information

Academic Information

Due to evolving advice by NSW Health, students must check for updated information regarding online learning for all Arts, Design and Architecture courses this term (via Moodle or course information provided).

Please see: <https://www.unsw.edu.au/arts-design-architecture/student-life/resources-support/protocols-guidelines> for essential student information relating to:

- UNSW and Faculty policies and procedures;
- Student Support Services;
- Dean's List;
- review of results;
- credit transfer;
- cross-institutional study and exchange;
- examination information;
- enrolment information;
- Special Consideration in the event of illness or misadventure;
- student equity and disability;

And other essential academic information.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

- Copying: Using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This includes copying materials, ideas or concepts from a book, article, report or other written document, presentation, composition, artwork, design, drawing, circuitry, computer program or software, website, internet, other electronic resource, or another person's assignment without appropriate acknowledgement.
- Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original information, structure and/or progression of ideas of the original without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new

whole, without appropriate referencing.

- Collusion: Working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student for the purpose of them plagiarising, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.
- Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.
- Duplication ("self-plagiarism"): Submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

The UNSW Academic Skills support offers resources and individual consultations. Students are also reminded that careful time management is an important part of study. One of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items. UNSW Library has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW, but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Use of AI for assessments

As AI applications continue to develop, and technology rapidly progresses around us, we remain committed to our values around academic integrity at UNSW. Where the use of AI tools, such as ChatGPT, has been permitted by your course convener, they must be properly credited and your submissions must be substantially your own work.

In cases where the use of AI has been prohibited, please respect this and be aware that where

unauthorised use is detected, penalties will apply.

[Use of AI for assessments | UNSW Current Students](#)

Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au

Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin, you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If you email External Support, you will automatically receive a ticket number, but if you telephone, you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, alternative submission details will be stated on your course's Moodle site. For information on how to submit assignments online via Moodle: <https://student.unsw.edu.au/how-submit-assignment-moodle>

Late Submission Penalty

UNSW has a standard late submission penalty of:

- 5% per calendar day,
- for all assessments where a penalty applies,
- capped at five calendar days (120 hours) from the assessment deadline, after which a student cannot submit an assessment, and
- no permitted variation.

Students are expected to manage their time to meet deadlines and to request [Special Consideration](#) as early as possible before the deadline. Support with [Time Management is available here](#).
