Course Details & Outcomes

Course Description

This is a hybrid course. It is available to both undergraduate and postgraduate students. The course content, delivery and assessment will be identical for both groups of students.

In this course, you will learn how to teach Ancient History at an advanced level in secondary contexts. You will use relevant syllabus documents to develop innovative and engaging lesson plans and curriculum plans. You will learn and practise a range of teaching strategies that maximise the learning potential of all types of learners in a safe, supportive, and highly engaged classroom environment. You will design for and implement teaching strategies that incorporate digital and other innovative strategies. You will also learn about a range of assessment and feedback strategies in the discipline, with a focus on assessment in the senior secondary school.

Course Learning Outcomes

Course Learning Outcomes
CLO1 : Identify essential elements of the Ancient History Stage 6 Syllabus, and the History Extension and Ancient History Life Skills syllabuses for Stage 6, and strategies to support students as they transition between stages 5 and 6
CLO2 : Use strong knowledge of subject content to plan and evaluate coherent, goal-oriented and challenging lessons, lesson sequences and teaching programs which will engage all students
CLO3 : Set achievable learning outcomes/ intentions to match content, teaching strategies, resources and different types of assessment for a unit of work in Ancient History
CLO4 : Provide clear directions to organise and support prepared activities and use resources
CLO5 : Assess and report on student learning in Ancient History to all key stakeholders
CLO6 : Identify the characteristics of an effective Ancient History teacher and the standards of professional practice in teaching, especially the attributes of Graduate teachers

Learning and Teaching Technologies

Moodle - Learning Management System

Learning and Teaching in this course

Rationale:

A range of student-centred activities will form the basis of the course. These activities will draw on the prior knowledge of the students and will allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for secondary students choosing to study Ancient History. The lectures and tutorials are designed to be supportive, collaborative and engaging. Students are encouraged to participate fully in the tutorial activities.

Teaching strategies:

Teaching strategies used during the course will include:

- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals.
- Explicit teaching, including lectures, to demonstrate an understanding of students' different approaches to learning and the use of a range of teaching strategies to foster interest and support learning.
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content.
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice and strategies.
- Online learning from materials on the Moodle website.

These activities will occur in a classroom climate that is supportive and inclusive of all learners.

Other Professional Outcomes

AUSTRALIAN PROFESSIONAL STANDARDS FOR TEACHERS

Standard		Assessment/s
1.1.1	Demonstrate knowledge and understanding of physical, social, and intellectual development and characteristics of students and how these may affect learning.	*
1.2.1	Demonstrate knowledge and understanding of research into how students learn and the implications for teaching.	*
1.3.1	Demonstrate knowledge of teaching strategies that are responsive to the learning strengths and needs of students from diverse linguistic, cultural, religious, and socioeconomic backgrounds.	1, 2

Stage 6 scope and sequence and assessment task

Assessment Overview

Create a scope and sequence, including learning outcomes, for a Year 11 Preliminary class (3 terms). Prepare an assessment task that directly links to the teaching and learning intentions. Indicative length: 2000 words. A feedback sheet will be provided.

Course Learning Outcomes

- CLO1 : Identify essential elements of the Ancient History Stage 6 Syllabus, and the History Extension and Ancient History Life Skills syllabuses for Stage 6, and strategies to support students as they transition between stages 5 and 6
- CLO2 : Use strong knowledge of subject content to plan and evaluate coherent, goal-oriented and challenging lessons, lesson sequences and teaching programs which will engage all students
- CLO3 : Set achievable learning outcomes/ intentions to match content, teaching strategies, resources and different types of assessment for a unit of work in Ancient History
- CLO4 : Provide clear directions to organise and support prepared activities and use resources
- CLO5 : Assess and report on student learning in Ancient History to all key stakeholders

Detailed Assessment Description

There are two parts to this task.

- Part 1: Create a scope and sequence, including learning outcomes, for a Year 11 Preliminary class (3 terms).
- Part 2: Prepare an assessment task (not an essay) that directly links to the teaching and learning intentions within ONE of the terms. Your scope and sequence must indicate when the task will occur.
 - Design a marking rubric, which also includes space for a holistic comment.
 - Provide an exemplar student answer for the assessment task.
 - Write a feedback comment for this response outlining its strengths and indicating at least one aspect which could be further improved.

Hurdle rules

A hurdle requirement or hurdle rule is a course requirement that must be fulfilled in order to pass the course. In all courses within the School of Education, all assessments (regardless of their weighting) are hurdle requirements. That is, all assessments in a course must receive a pass

mark in order to pass the course. Where a student has failed to meet the requirements of an assessment, they may still be deemed to have met the hurdle requirement if the failure was due to a late penalty and if the overall mark for the course is still greater than 50.

Stage 6 unit of work

Assessment Overview

Prepare a unit of work for Stage 6 (Year 12) which covers approximately half the term. Indicative length: 3000 words. A feedback sheet will be provided.

Course Learning Outcomes

- CLO1 : Identify essential elements of the Ancient History Stage 6 Syllabus, and the History Extension and Ancient History Life Skills syllabuses for Stage 6, and strategies to support students as they transition between stages 5 and 6
- CLO2 : Use strong knowledge of subject content to plan and evaluate coherent, goal-oriented and challenging lessons, lesson sequences and teaching programs which will engage all students
- CLO3 : Set achievable learning outcomes/ intentions to match content, teaching strategies, resources and different types of assessment for a unit of work in Ancient History
- CLO5 : Assess and report on student learning in Ancient History to all key stakeholders

Detailed Assessment Description

Prepare a unit of work for Year 12 which covers approximately half the term. You need to ensure the unit demonstrates you are ready to plan and teach Stage 6 effectively. Make sure you have reflected on the feedback you received for the scope and sequence you prepared for Assessment 1.

The unit of work should indicate a variety of formative assessment strategies which will provide students with feedback about:

- What they can already do well
- What they still need to improve
- How they can effectively close the gap between bullet-points 1 and 2.

Include all activities and resources to support student learning. There must be at least one literacy activity/resource and one numeracy/ICT resource.

General Assessment Information

**** Compulsory Class Task - Common Assessment Module ****

There are two parts to this task:

Part 1: Common Assessment Module (a separate module to be completed in addition to your Method course). It will be available to work on from Week 1 of UNSW Term 2.

- You will gather evidence from a variety of sources about learning outcomes; and use that information to improve learning and teaching.
- You will be sent further information about how to access the Module closer to the start of term. There will be drop-in sessions in Weeks 8-13. This is the same time that Method 2 runs.
- Weight: N/A. This is a hurdle requirement that must be completed to pass the course.
- Note: Further information about this Module will be available in Moodle.

Part 2: Common Assessment Module (in-class task). In the final Method tutorials, you will complete a class task that relates to the Common Assessment Module. This task consists of three components:

- Collect three or four authentic student responses to preferably two assessment tasks (these might be provided by your Method lecturer).
- Provide written feedback for the student responses, indicating strengths and areas for improvement in relation to the work sample and overall expectations/standards.
- Write a few lines that could be included in a mid-year report comment to parents.

General Assessment Information

Students are required to follow their course convenor's instructions when submitting their work for assessment. All assessment task/s are to be submitted online via Moodle by 5pm. Students are also required to retain all drafts, original data, and other evidence of the authenticity of the work for at least one year after submission/examination. For more detailed information about submission, late penalties, special consideration, and the like, visit the School of Education website on policies and procedures: [SED Policies and Procedures \(unsw.edu.au\)](http://unsw.edu.au).

Attendance Requirements

The School of Education has a minimum attendance requirement of 80% for classes, including lectures, tutorials, seminars, and other learning activities – irrespective of delivery mode. The attendance requirement is a minimum threshold for engagement and ensures that programs meet the requirements of external accreditation authorities (i.e., NESA), and for a range of programs (e.g., initial teacher education programs and other accredited postgraduate coursework specialisations). Students must register their attendance according to the course convenor's directions.

General Schedule Information

This course outline sets out the description of classes at the date the outline is published. The

nature of classes may change during the term after the course outline is published. Moodle should be consulted for up-to-date class descriptions. If there is an inconsistency in the description of activities between the University timetable and the course outline (as updated in Moodle), the description in the course outline on Moodle applies.

Other Useful Information

Academic Information

Due to evolving advice by NSW Health, students must check for updated information regarding online learning for all Arts, Design and Architecture courses this term (via Moodle or course information provided).

Please see: <https://www.unsw.edu.au/arts-design-architecture/student-life/resources-support/protocols-guidelines> for essential student information relating to:

- UNSW and Faculty policies and procedures;
- Student Support Services;
- Dean's List;

- review of results;
- credit transfer;
- cross-institutional study and exchange;
- examination information;
- enrolment information;
- Special Consideration in the event of illness or misadventure;
- student equity and disability;

And other essential academic information.

Academic Honesty and Plagiarism

Plagiarism is using the words or ideas of others and presenting them as your own. It can take many forms, from deliberate cheating to accidentally copying from a source without acknowledgement.

UNSW groups plagiarism into the following categories:

- Copying: Using the same or very similar words to the original text or idea without acknowledging the source or using quotation marks. This includes copying materials, ideas or concepts from a book, article, report or other written document, presentation, composition, artwork, design, drawing, circuitry, computer program or software, website, internet, other electronic resource, or another person's assignment without appropriate acknowledgement.
- Inappropriate paraphrasing: Changing a few words and phrases while mostly retaining the original information, structure and/or progression of ideas of the original without acknowledgement. This also applies in presentations where someone paraphrases another's ideas or words without credit and to piecing together quotes and paraphrases into a new whole, without appropriate referencing.
- Collusion: Working with others but passing off the work as a person's individual work. Collusion also includes providing your work to another student for the purpose of them plagiarising, paying another person to perform an academic task, stealing or acquiring another person's academic work and copying it, offering to complete another person's work or seeking payment for completing academic work.
- Inappropriate citation: Citing sources which have not been read, without acknowledging the "secondary" source from which knowledge of them has been obtained.
- Duplication ("self-plagiarism"): Submitting your own work, in whole or in part, where it has previously been prepared or submitted for another assessment or course at UNSW or another university.

The UNSW Academic Skills support offers resources and individual consultations. Students are also reminded that careful time management is an important part of study. One of the identified causes of plagiarism is poor time management. Students should allow sufficient time for research, drafting and proper referencing of sources in preparing all assessment items. UNSW

Library has the ELISE tool available to assist you with your study at UNSW. ELISE is designed to introduce new students to studying at UNSW, but it can also be a great refresher during your study.

Completing the ELISE tutorial and quiz will enable you to:

- analyse topics, plan responses and organise research for academic writing and other assessment tasks
- effectively and efficiently find appropriate information sources and evaluate relevance to your needs
- use and manage information effectively to accomplish a specific purpose
- better manage your time
- understand your rights and responsibilities as a student at UNSW
- be aware of plagiarism, copyright, UNSW Student Code of Conduct and Acceptable Use of UNSW ICT Resources Policy
- be aware of the standards of behaviour expected of everyone in the UNSW community
- locate services and information about UNSW and UNSW Library

Use of AI for assessments

As AI applications continue to develop, and technology rapidly progresses around us, we remain committed to our values around academic integrity at UNSW. Where the use of AI tools, such as ChatGPT, has been permitted by your course convener, they must be properly credited and your submissions must be substantially your own work.

In cases where the use of AI has been prohibited, please respect this and be aware that where unauthorised use is detected, penalties will apply.

Submission of Assessment Tasks

Turnitin Submission

If you encounter a problem when attempting to submit your assignment through Turnitin, please telephone External Support on 9385 3331 or email them on externalteltsupport@unsw.edu.au

Support hours are 8:00am – 10:00pm on weekdays and 9:00am – 5:00pm on weekends (365 days a year). If you are unable to submit your assignment due to a fault with Turnitin, you may apply for an extension, but you must retain your ticket number from External Support (along with any other relevant documents) to include as evidence to support your extension application. If

you email External Support, you will automatically receive a ticket number, but if you telephone, you will need to specifically ask for one. Turnitin also provides updates on their system status on Twitter.

Generally, assessment tasks must be submitted electronically via either Turnitin or a Moodle assignment. In instances where this is not possible, alternative submission details will be stated on your course's Moodle site. For information on how to submit assignments online via Moodle: <https://student.unsw.edu.au/how-submit-assignment-moodle>

Late Submission Penalty

UNSW has a standard late submission penalty of:

- 5% per calendar day,
- for all assessments where a penalty applies,
- capped at five calendar days (120 hours) from the assessment deadline, after which a student cannot submit an assessment, and
- no permitted variation.

Students are expected to manage their time to meet deadlines and to request [Special Consideration](#) as early as possible before the deadline. Support with [Time Management is available here.](#)
